

The Prince Summer Programme

..... CITY COLLEGE PLYMOUTH

2023

Your Truly United Kingdom Experience Starts Here!

• The United Kingdom and its education system has a worldwide reputation for its high quality and standards. It is famous for its academic excellence, rich history, and beautiful architecture. Study with us this summer at City College Plymouth, one of the largest colleges in the region. You'll develop your academic skills, meet students from different countries, and explore the British culture.

• The Prince Summer Programme will offer you an authentic student experience: You'll be taught by expert tutors, stay with local British families, improve your English language skills, participate in popular enrichment activities such as the Pre Duke of Edinburgh Programme.

• So get ready for an active academic and social calendar: From guided tours in Oxford & London, visits to one of the best known ancient wonders of the world – Stonehenge, shopping in Bicester Village – to a formal graduation ceremony and farewell party, and staying at the Castle. You'll also have the opportunity to experience activities like horse-riding and glamping!

***WE HAVE LOTS TO OFFER! DISCOVER THE SUMMER COURSE TODAY,
AND PREPARE FOR THE LEARNING EXPERIENCE OF A LIFETIME!***

A vertical photograph on the left side of the page shows the London Eye Ferris wheel on the left, with a large, multi-story building with many windows in the background. The sky is a mix of orange and blue, suggesting dusk or dawn. The Ferris wheel's structure is dark, and the building's windows are lit up.

Welcome To

The Prince Summer Programme

.....

The Prince Summer Programme is a challenging and inspiring Foundation course that prepares international students to further their studies at internationally-renowned British universities. This programme is design to equip students with academic literacy, skills and knowledge required to successfully tackle an undergraduate degree programme.

The Prince Summer Programme is split into two parts: Part I and Part II, which occurs across two summers in the UK. Students who successfully complete both Parts will be awarded an NQF Level 3 International Foundation Certificate. Students who only complete one part (Part 1 or Part 2) will be awarded a Certificate of Attendance.

The Prince Summer Programme provides students with a wide range of opportunities to progress to various highly-ranked universities in the United Kingdom upon the successful completion of the course. Individual universities may specify certain requirements for course progression.

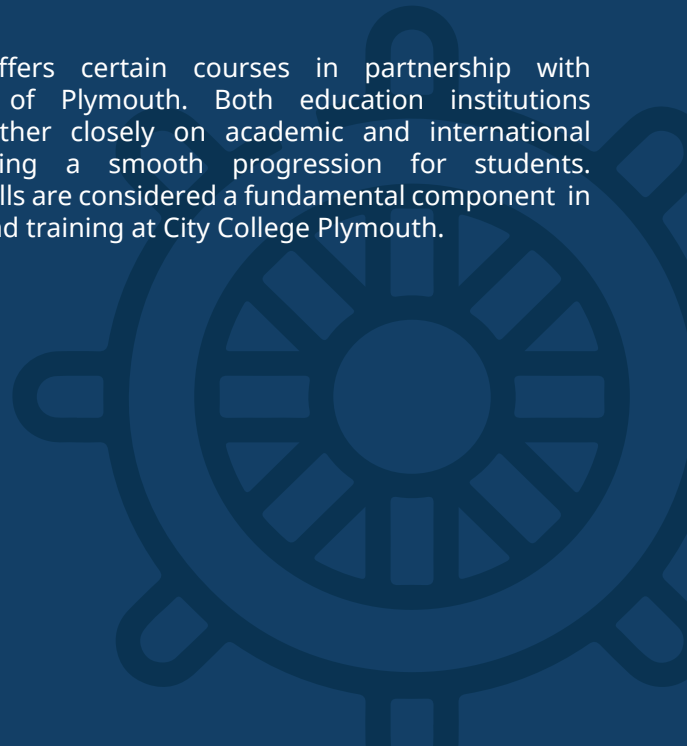

WHY CITY COLLEGE PLYMOUTH?

City College Plymouth (CCP) is a tertiary institution and further education college in South West England based at Kings Road, Devonport, Plymouth. The Kings Road Centre is built on the site of the former Devonport Kings Road railway station. It is also a partner college of the University of Plymouth. The college was formerly known as Plymouth College of Further Education and was officially renamed on 1 January 2007.

City College Plymouth is a large government-funded college rated as "Good with outstanding features" by Ofsted (2016). It was established in 1889 and offers high quality courses accredited by QAA, Ofsted and other accrediting bodies in the UK. The College offers a wide range of courses at different levels, from business to engineering, pre-university to professional level. The College is focusing particularly on STEM subjects (Science, Technology, Engineering, Maths) with a new STEM building which opened on site in September 2017.

The College offers certain courses in partnership with the University of Plymouth. Both education institutions also work together closely on academic and international projects, ensuring a smooth progression for students. Employability skills are considered a fundamental component in the education and training at City College Plymouth.

University Progression

Upon the successful completion of both parts of The Prince Summer Programme, students will be awarded with "The Prince Programme Certificate - NQF Level 3 International Foundation Certificate". With this qualification, students are then able to apply to various highly-ranked universities in the UK for their undergraduate degree studies. Our high-achieving students have been previously sought after by many Russell Group universities.

We have consistently placed students at the following prestigious universities:

-  King's College London
-  Queen's Mary London
-  Durham University
-  University of Birmingham
-  University of Lancaster
-  University of Liverpool
-  University of Leeds
-  University of Sheffield
-  University of Nottingham
-  University of Southampton
-  University of Dundee
-  Royal Holloway, University of London
-  City University London
-  Cardiff University
-  Queen's University Belfast
-  University of Exeter
-  University of Glasgow
-  Newcastle University
-  And many more

Common Subjects (for both pathways)	EAP Part II Advanced Mathematics
Business Pathway	Economics Accounting and Finance
Science Pathway	Biology Physics

Explore the Best of Britain

During The Prince Summer Programme, you will get to visit these historical, charming, and exciting cities in the UK.

Enrichment Activities

Pre-Duke of Edinburgh Programme

The Duke of Edinburgh's Award Programmes take between one to four years to complete, and they must be completed by the participant's twenty-fifth birthday. The Programmes are at three progressive levels which, if successfully completed, lead to a Bronze, Silver, or Gold Duke of Edinburgh's Award.

The Prince Summer Programme allows students to prepare for The Duke of Edinburgh's Programme by arranging participants to follow a series of summer activities. Participants will attend these sessions on 4 different Saturdays, as taster sessions to the actual Duke of Edinburgh Programme activities. These sessions cover the following categories:

VOLUNTEERING Participants will participate in services that contribute to individuals or the community.

PHYSICAL Participants are given the opportunities and resources to improve in either sports, dance or other fitness activities.

SKILLS The programme provides a conducive environment to develop participants' practical and social skills, and personal interests.

EXPEDITION Participants are to take part in the planning, training for and completion of an adventurous journey in Plymouth.

Though these activities are insufficient to fulfil the full requirements of the actual Duke of Edinburgh's Programme for the Bronze Level, it is considered as an introduction to the DofE. This taster course recognises adolescents and young adults who successfully complete these self-improvement activities.

British Firework Championships

August 2023

The world-famous British Firework Championships is set to return to Plymouth's waterfront in August 2023.

Enjoy spectacular pyrotechnics that will illuminate Plymouth Sound as six top firework companies battle it out over two nights, each putting on an awe-inspiring ten-minute display in an attempt to be crowned the winner.
